

December 7, 2015

Dear Rick,

GL Barron Companies wants to acknowledge and express our sincere appreciation on the amazing job you did Crème de la Crème in the Woodlands, TX.

Maldonado was given a nearly impossible task at the Crème de la Crème project. It is always difficult to complete projects without any challenges but you came in and overcame issues created by another contractor. It is never a good situation to bring in any subcontractor into a job after it has begun and rarely goes very well if that need arises. I really want to share my admiration and thanks to you for your professionalism, expertise, positive attitude, communication skills, response time, design input, etc. The pressure put on Maldonado Nursery & Landscaping to install over \$100,000 of work in 3 weeks would be considered unrealistic by many but to our amazement with your diligent efforts, the job was completed on schedule. The quality of material, workmanship and attention to tremendous detail was very impressive.

I would also like to acknowledge Michael Hinkleman for his outstanding work ethic. Due to all of the talented and respected employees at Maldonado Nursery & Landscape, we met owners deadline and exceeded expectations of all involved. Rick, it was truly your leadership that allowed this project to be successful and we genuinely appreciate all of your efforts and cooperation.

Sincerely,

Caleb Palmer
Project Manager
G.L. Barron Company, Inc.
