

Providing the Absolute Best Construction Experience

Rick,

I wanted to tell you that I enjoy working with Michael Hinkelman. He is proactive about working on SpawGlass projects and consistently keeps in good communication with us. Please accept my compliments on his work and for all of your staff.

Michael is working on a bid for the "recenter" project. Please include the rolling planter boxes in your proposal. This would be a good opportunity to showcase Maldonado's woodwork capability.

Sincerely,

Michael Cardona
